

Figure 1: Management Unit 16 (Camber Sands)

 Blue: Recycling Extraction Point
 Red: Recycling Deposition Area

Camber Sands has no current defence other than the sand dunes between the harbour entrance and Camber. A sand foreshore changes into a mixed shingle beach (predominantly sand).

No recycling works have been undertaken here since 2003. The current management policy is Hold the Line, which will continue until 2105 when it will be reconsidered.

Survey Regime

Survey type	Frequency	Profile spacing/survey extent
Topographic baseline	Annual	50m to MLWS
Topographic interim profile	Spring and Autumn	150m to MLWS
Bathymetry	5 years	50m profiles to 1km offshore
Ortho-photography	5 years	MLW
Aerial photography	Ceased in 2008	MLW
Lidar	Rolling Programme	MLW
Habitat Mapping	5 Years	As Required

Full details of data availability and extents can be found on the Channel Coast Observatory Website (www.channelcoast.org)

Summary of Beach Operations

Date	Operation	Quantity (m ³)	Location/Notes
No beach material has been recycled since 2003			

Full details of beach operations can be obtained from Canterbury City Council (strategic.monitoring@canterbury.gov.uk)
